The KGF Glass Door Freezers are designed to provide a balance between functionality, energy efficiency, and merchandising appeal. The KGF freezer merchandisers are your reliable solution for operators that must showcase and store their products efficiently while maintaining optimal refrigeration conditions.

Durable Design

-Full length tempered glass doors which allow for greater product visibility and increased load capacity
-Modern & attractive appearance for any kitchen, C-Store, service station, etc.
-Black exterior baked enamel steel finish
-White interior baked enamel steel finish
-Interior base in stainless steel finish
-Heavy-duty polyethylene coated adjustable wire shelves(four shelves per door)
-Fits full size 18" x 26" pans
-Locking glass doors are ergonomically designed and self-closing with easy grab handles

Superior Quality

-Entire cabinet structure engineered to the highest standards
-Built using foamed in place high density CFC-free polyurethane insulation
-CFC-free with R-290 refrigerant
-Unique triple pane heated glass doors with a layer of patented, transparent thermal insulating film applied between the glass layers

Energy Efficient

-Positive air flow throughout with forced air movement to entire cabinet
-Freezer holds -10°F. for optimum storage & preservation of foods
-High efficiency evaporators with oversized condensing units on all models
-Digital temperature readout display with electronic thermostatic control
-LED interior lighting for total product display

Optional

-Black finish interior – special order
